Note: New quality framework inspections

We have started to inspect care homes for older people under a new quality framework - you can read more about the framework at <http://www.careinspectorate.com/index.php/inspections/new-inspections>. This new framework has 5 key questions which can be evaluated at inspection compared to the 4 key quality themes that were previously used. As not all care homes for older people have been inspected under the new framework we have included both gradings carried out under the previous inspection methodology and those under the new framework.

The grades match up as below (new evaluation/old quality theme):

- How well do we support people's wellbeing?/Care and Support
- How well is our care and support planned?/Care and Support
- How good is our setting?/Environment
- How good is our staff team?/Staffing
- How good is our leadership?/Management and Leadership

All grading summaries are created from the grading using these combined grading columns. If a care home for older people has been inspected under the new framework and has had all themes assessed then the new evaluation grades will be used. If any themes have not been assessed under the new framework the matching grade from the old quality theme will be used in its place. For all services other than care homes for older people the quality theme grades are used - with the care and support grade being used for the evaluation of "How well do we support people's wellbeing?" and "How well is our care and Support planned?". The grade breakdown tables for Theme's 1 to 4 have now been replaced by the combination fields of the new evaluation and the old quality themes.

Care Inspectorate 2021/22 Quarter 4 Statistical Report Tables

Notes:

Service subtypes are based on the main service provision category provided by that service but may not be mutually exclusive, i.e. a Care Home for Alcohol & Drug Misuse may still accommodate people within the Older People group.
Some Care at Home services may still operate from a premises as well as provide care at home i.e. they may, in addition to care at home, offer a day care service for adults from a premises.
All grades are from inspection reports finalised by 31 March 2022. Services with no grade for that theme are not included.
Complaints investigated and completed are those cases with a completed investigation and does not count any complaints that were revoked without investigation or still in progress. They also do not account for complaints which were passed for alternative means of resolution such as direct service action, investigation by the provider or where the information was passed for intelligence to be used in future scrutiny activity. Due to the emergence of Covid 19 we were required to change how we responded to any concerns/complaints we received, while also having to deal with complaints already open for investigation in other ways. Using our risk assessment process, discussion with the person making the complaint on how they would like us to proceed and working with the service provider, we were able to utilise the alternative pathways to resolution in our complaints process where appropriate.
